

XT Samples

2024-07-03

Menu: Seed Lab → XT Samples

This page lists the Samples that have been submitted online.

By default only samples that have not yet been accepted are shown, but filters can be changed to include them.

This screen is mostly useful for getting an idea of how many incoming samples to expect.

Filter						
Date filter uses Date the XT Sample was created.						
Date Range: <input type="text"/> From: <input type="text"/> Thru: <input type="text"/>						
Associate: <input type="text"/> <input type="checkbox"/> Show Accepted Samples						
Per Page: <input type="text" value="100"/> <input type="button" value="Apply Filter"/> <input type="button" value="Clear Filter"/>
