Lot #	Lot Status	Lot Date Class	Crop Variety
< Prev 500 Showing 1 - 500 of 1431 Next 500 >			
(5) Year:2021	Passed	01/11/22 Certified	
(5) Year:2021	Passed	01/10/22 Certified	

Filters

Seed Lots can be filtered on:

- Crop Year - restricts to Seed lots for specified crop year or any year after.
- Seed Class - restricts to Seed lots with the specified class.
- Status – restrict to Seed Lots based on their status, which is derived from the sample status. Restrict result to Passed, Failed, Completed, Incomplete, or Preliminary Samples.
- Is Bulk – restrict Seeds Lots based on their “is Bulk” flag.
- Lot Number - matches lot numbers starting with term entered.
- Crop/Variety - Case sensitive, matches a crop or variety starting with term entered.

- Date Range - Restricts to only show Lots that were entered into the system between specified dates.
- Anywhere – An easy way to search on multiple filter items at once. Enter any text to search on the Seed Lots and associated crop, variety, and samples.
